More information about the Camp will be sent home to you early in Term 2. Year 6 teachers reinforce with our students the need to commit to their studies and positive behaviour choices each day at school. In particular, students understand the need for safety and cooperation when leaving the school grounds. As you will understand, staff taking students away need to be sure the students can safely follow instructions. Our communication to families last week around expectations at school, combined with further information at the beginning of Term 2, addresses what this means for Camp so that we are all working together to support our students for a positive experience.

There are many activities available at the Great Aussie Bush Camp and the Year 6 teachers will negotiate with Year 6 which activities the children will participate in this year. The children and staff view the Year 6 Camp as a highlight of the children's primary education. If you have any questions or comments about the Camp, or concerns about meeting the expense, please contact me.

Kind Regards

Tess Koning
